

The background of the entire image is a teal-colored photograph of a person's silhouette from behind, with their arms raised high in a 'V' shape. The person appears to be standing on a beach or near water, looking out at the ocean under a bright sky. The overall tone is hopeful and empowering.

FOR WOMEN'S RIGHTS SINCE 1993

ABOUT KVINNA TILL KVINNA

- 30 years of working for women's rights and supporting the WPS agenda
- Work in more than 20 conflict affected countries supporting around 130 women's rights organisations
- Balkans, South Caucasus, MENA, Africa

- 1. A future where women are not subjected to gender-based violence**
- 2. A future where women participate fully and effectively in the development of an equal and democratic society**
- 3. A future where global security policy is based on human security and where women's rights are respected**

- Partnerships
- Capacity strengthening
- Believe in solidarity between women – peace building and building movements
- Women's economic empowerment

- .EUSR
- .INGOs
- .Governmental institutions

A ROOM FOR IMPROVEMENT

- To implement the framework, guidelines and policies.
- Promote more women's meaningful participation in peace processes & include women in peace talks.
- In terms of economical participation - orient on quality not quantity & give women not just an excess bit also control over economic processes.
- To have a gender experts as delegations and focal points.
- Talk and listen to women.
- Push on governments to meet their obligations and implement gender laws.
